Dear Sirs,

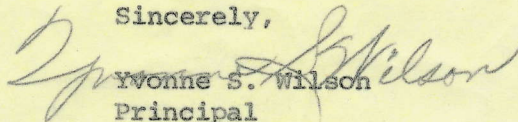

We have 25 Vietnamese students enrolled here at the Nelson School and find it a most rewarding experience to work with the children.

We are making an attempt to teach English as a second language to our Vietnamese and Cambodian children, and are also interested in teaching our English speaking children the second language of Vietnamese.

Please forward a copy (free of charge) of a Vietnamese-English phrasebook. We have the book of hints and the bibliography.

Thank you for this assistance!

Sincerely,

Yvonne S. Wilson
Principal
